Ref: (a) BUPERS Orders 1CTCA (with no date)

1. Upon receipt of these orders you shall regard yourself detached from your regularly assigned duties with this activity and shall proceed to the NSGA Lounge, Barracks #437, and report, in the uniform of the day, to the noble and august body that will confront you there. At 1130, 16 July 1964, you shall again proceed to the Fleet Reserve Association at 920 Caroline Street, Key West, Florida, and report to the chief petty officers gathered there for such duties as may be assigned you.
2. For the period prior to 1130, 16 July 1964, it is suggested that you find some secluded area and practice the phrase "THE DRINKS ARE ON ME" in a loud and clear voice, which you shall repeat upon entering the FRA Club at 1130, so that none of the chief petty officers gathered there will fail to understand your desire to finance the quenching of their thirsts.
3. As these duties will occupy your time fully, it is advisable that you advise your department head that you will not be available for the proper performance of your duties during the period of 1130 to 1630 on 16 July 1964.
